

Valora

For Property Developers & Sponsors

The Problem

- Appraisals built in Excel take hours and break every time an assumption changes
- Lender and investor requirements vary by jurisdiction — most tools don't handle this
- Getting to a credible investment memorandum takes days, not minutes
- Sensitivity analysis is manual and error-prone

What Valora Does

Valora runs a full institutional-grade development appraisal in minutes — IRR, DSCR, RLV, sensitivity, AI market comps and a shareable investment memorandum. All in one place, always up to date.

Key Features for You

- IRR Levered + Unlevered** — Monthly cashflow IRR on both equity and project cashflows
- Residual Land Value** — Maximum land price to hit your return target — automatic
- Sensitivity Matrix** — Exit yield × rent/ADR stress — see the range of outcomes instantly
- Live Market Comps** — AI-powered real-time comparables for your location and asset class
- AI Sense Check** — Flags assumptions a lender or investor would challenge before you present
- Investment Memorandum** — Institutional-quality PDF brochure generated in one click
- Split Tax Rates** — VAT, IVA, GST — hard costs vs soft costs, recoverable toggle across 25 currencies
